TASTE THE SUNSET

Fall is the perfect time to grab some warm, golden-orange fruits and veggies. Most orange-colored produce is high in beta-carotene and vitamin C. Our bodies convert beta-carotene into vitamin A, which supports eye, skin, and muscle health. Meanwhile, vitamin C is essential to the repair and growth of all tissues, including your bones and cartilage. Orange foods that are high in beta-carotene and vitamin C include pumpkins, carrots, papayas, oranges, peaches, and cantaloupe.

DISCOVER: TANGERINES

A close cousin of the mandarin orange, these citrusy sunshine fruits range from sweet to tart. In season late October through January, tangerines are a low-calorie snack bursting with vitamins, fiber, and antioxidants.

MANGOES: Hearty dose of folate, fiber, & vitamins C & A
Peak Season: May-September

PUMPKINS: Loaded with fiber, protein, & vitamins K & C
Peak Season: September-November

CHALLENGE OF THE MONTH: MAKE A HAPPINESS BOX

A happiness box is a great resource for when you feel worried, anxious, or scared. Decorate an old shoebox with bright colors and other happy things. Then fill the box with things that make you happy— a favorite book, photos that make you smile, pieces of candy, a soft toy, a letter from a loved one, etc. Now whenever you need a pick-me-up, your happiness box can help you feel better.
